WORK EXPERIENCE

Fullstack Academy

Aug. 2022 – Apr.2023

Software Engineer Mentor

New York, NY

- Led students through a comprehensive boot camp curriculum covering essential topics such as algorithms, data structures, and the PERN stack.
- Acted as a project manager for student's capstone projects, facilitating daily standups and conducting code reviews to ensure the successful completion of projects.
- Guided students in developing their coding skills, providing mentorship and support throughout the program.
- Worked closely with students to identify areas for improvement, tailoring instruction to individual needs and learning styles.
- Facilitated a collaborative and supportive learning environment, fostering a sense of community among students and encouraging active participation.

Phi Beta Delta International Honor Society

Aug. 2021 – Dec.2021

Full Stack Developer

San Bernardino, CA

- Streamlined legacy codebase by eliminating outdated features and integrating modern technologies.
- Spearheaded content updates and UI redesign efforts, delivering requested modifications in a timely and efficient manner.
- Leveraged expertise in software architecture and design to optimize application performance and improve user experience.
- Collaborated closely with cross-functional teams to identify areas for improvement and implement solutions that align with business goals.
- Conducted rigorous testing and debugging to ensure the stability and reliability of the software system.
